The colours reflect feelings of warmth and happiness with some grey patches because we all know love isn't all smooth sailing! But ultimately a successful partnership is about two people teaming up to make it work - hence the two halves of the heart. The tiny heart outside symbolizes the fruit.

This reflects my love for rock music which has given me an identity, a creative outlet and most of all, a perspective on life. So thank you for the music.

Ultra Facial Oil-Free Gel Cream
\$49 / 50ml

Inspired by flowers and plants, the patterns represent ferns on tree branches that we see a lot in Singapore. Ferns remind me of my beautiful childhood and home, which brings happiness.
