“

"Pencils, pencils!" that's what all my clients are requesting. They are so easy to use and so effective, with creamy textures and above all, a unique shade range. To make life even easier for all busy women, this year I have created AQUA SHADOW, a jumbo pencil that is even creamier and easy to apply, with shimmering and matte shades for more sophisticated results.

Makeup artists are also requesting them, especially those who only have a few moments to create dynamic, colorful make-up at fashion shows. They are perfect for backstage and for the everyday lives of modern and dynamic women.
